

# BEER TASTING NOTES! 1.0

Praised for their drinkability, Rex Red Ale presents a distinct reddish appearance (thanks to a bit of roasted malt) and a delightfully malt-focused taste. A tan head gives off a clean aroma of caramel, toast or toffee; a smooth, medium body carries a caramel-toffee flavor with a hint of English hops. The drink concludes with a characteristic light roastiness and a somewhat dry finish. 6.0% ABV

Easy drinking and Refreshing India Pale Ale, Notes of grapefruit and lime, hoppy subtle and smooth. The only "Jurassic" thing about this beer is how it drinks. Domestic and imported malts take a backseat to the loads of American grown hops. Dry hopped for a mouthwatering aroma with Mosaic and Cascade hops, and infused with natural grapefruit flavor. Enjoy a drinking experience with our Jurrassic India Pale Ale. 5.0% ABV,

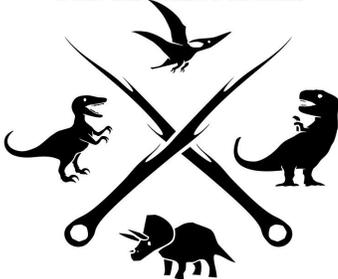

**MAIBOCK**

**MUZAK**

This beer poured brilliantly clear, with a rich golden color and a soft thick white head with long lasting persistence. It was beautiful to look at the many bubbles rising to the top. Malty sweet in the aroma, with very low hop/yeast spiciness with some lighter touches of floral and fruity esters. Grainy malt notes come through with a white bread character. The flavor mirrors the aroma in the malt and esters arena. The bitterness is moderately-high, and the dry, lager-like finish lingers for a while in the aftertaste. This beer is lightly balanced towards the sweet, bread, slightly grainy malt. This is one very well made and easy-drinking lager. Clean, malty, lightly spicy and dry -- this is one beer that's hard to put down!

**PILS DA BILLS PILSNER**

Pilsner pours to a beautiful bright, brilliant golden color with a thick, creamy white head, and a moderate amount of carbonation. The nose on this beer is very fragrant with flowery, herbal hop aromas comes out. The palate on this beer is soft, with lots of good crisp pilsner malt flavors. The body is so round and clean on this beer, making it very drinkable. Pilsner finishes with more of that good malt flavor up front, then ends with a dry, grassy, balancing hop bitterness that slightly lingers.
